

The Universe on Speed Dial!

Two Weeks to Unexpected Income with the Simplest Prosperity Laws Available

Is there really a way to manifest unexpected income, unexpected business, and unexpected solutions to your most pressing problems—in just two weeks or less? This is the promise of prosperity teacher **Marilyn Jenett**. And it is not a promise made lightly. Thousands of people have applied her simple, fast and practical techniques to create a new dominant thought in the subconscious mind and manifest such striking results.

Marilyn overcame her own “lack” consciousness to create her former business of two decades that attracted the world’s largest corporate clients and major media publicity (including the cover of the *Los Angeles Times*)—solely through applying the prosperity laws that she now passionately teaches in her Feel Free to Prosper program.

Marilyn will take the mystery out of these esoteric laws and share with your audience:

- Why affirmations may not bring you results.
- Why you don’t have to try to create success—in fact, trying will never get you there.
- Why your business, job, clients, customers, or investments are NOT your source of income.
- The words that you are habitually using that are preventing your success.
- The single most immediate thing you can do right now to increase your income.

**This Guest Says,
“Progression, not Recession.”**
